## **Gangstalking Police, Fire, First Responders, Firstnet**

*A look at the nation-wide first responder propaganda.*

*Soon after 9/11 the government controlled news media started using the term 'first responders' to refer to public servants who serve in the law enforcement, fire, and medical divisions. With the creation of homeland security, these agencies soon were under control of this agency which used the nations Corrupt FISA Courts to carry out the targeted individual, gangstalking program.*

*As you scroll down this list you will find many NSA, FBI, CIA, whistleblowers that have spoke out against this Nazi, Stasi program. With each passing day more lives of targeted individuals are lost to a intelligence agency that poses a far greater threat then and virus ever will.*

*As the nation as a whole has been LOCKED DOWN, under the threat of a virus, that at this point strains to compete with the average flu season, we again see a media brainwashing program that struggles to elevate the status of these public servants to one that is unrealistic.*

*From the beginning of the fear based media reporting of this event, all reports of this pandemic have centered around FIRST RESPONDERS.*

*Lets take a closer look.*
